

**KAWAI**

DIGITAL PIANO

**KDP 70**

## AN EXCELLENT INTRODUCTION TO KAWAI DIGITAL PIANO QUALITY.

Kawai has been crafting musical instruments for over 90 years, maintaining traditional processes while embracing the latest technical innovations. These decades of experience allow our engineers to create superb digital instruments that bring musical enjoyment to players of all levels.

The new KDP70 digital piano is the latest addition to Kawai's highly-respected range of home instruments, combining an extremely authentic weighted-key keyboard action and realistic grand piano sounds within an attractive, yet highly affordable package.

Featuring 88 grade-weighted keys, the KDP70 keyboard responds just like a real acoustic action, while its rich Kawai EX concert grand piano sounds are guaranteed to inspire and impress. The instrument also features built-in lesson pieces, and a convenient song recorder with metronome, making the KDP70 an ideal choice for beginners seeking a starter instrument, or more experienced players looking for a second piano for silent practise with headphones.

The new KDP70 – an excellent introduction to Kawai digital piano quality at an attractive price.

### Realistic grand piano sounds

The KDP70 digital piano captures the beautiful sound of Kawai's highly-acclaimed EX concert grand piano. All 88 keys of this exceptional instrument have been meticulously recorded, analysed, and faithfully reproduced using proprietary *Harmonic Imaging* technology, to deliver a rich and expressive playing experience.

### Authentic keyboard action

The KDP70's *Responsive Hammer Compact* (RHC) keyboard action has been developed to reproduce the distinctive touch of an acoustic grand piano. Its springless key mechanism, sturdy construction, and accurate hammer sensing system delivers a smooth, natural, and highly authentic piano playing experience.

Moreover, just as acoustic pianos utilise heavier bass hammers and lighter treble hammers, the RHC keyboard action also employs different hammer weights, appropriately graded for each playing range. Such realistic details provide greater stability during powerful fortissimo passages, while also assisting with pianissimo control.

### Convenient digital features

The KDP70 includes a variety of digital functions to complement its rich grand piano sounds and authentic keyboard action. A selection of different instrument voices, built-in lesson songs, and the ability to record and playback performances are just some of the features accessible from the cheek-block control panel.

## SPECIFICATIONS

<b>Keyboard</b>	Responsive Hammer Compact (RHC) action, 88 weighted keys
<b>Sound Source</b>	Harmonic Imaging™ (HI), 88-key piano sampling
<b>Internal Sounds</b>	Concert Grand, Concert Grand 2, Studio Grand, Modern Piano, Classic E.Piano, Modern E.Piano, Jazz Organ, Church Organ, Harpsichord, Vibraphone, String Ensemble, Slow Strings, Choir, New Age Pad, Atmosphere
